If You Know A 44-Weak Rotation Can Stop An I-25 Lead, YOU'VE GOT WHAT IT TAKES TO PLAY NFL STRATEGY

Some of the best quarterbacking minds in the country have never played pro football.

If you're one of them, you'll be dancing in the end zone over *NFL STRATEGY*, the most realistic football game ever devised. *NFL STRATEGY* is not a game of luck; you need cool, hard-headed football savvy to win, just like a pro.

This new, expanded version of the Tudor Games' classic is amazingly realistic. You play football the way you think it should be played. Coach your team to victory. Send in your choice of 46 different NFL offenses or 15 NFL defenses. (Each play uses time according to type and outcome, like the real thing.) Kick, punt, call a strategic time out. Play the hash marks, figure the tendencies. There are over 10,000 possible outcomes (statistics and probabilities have been compiled from NFL statistics to insure accuracy and realism)! Your only limit is how good you are.

The easy-to-carry pigskin-textured game case features a playing field of "Tudor Turf," confidential 48-page NFL playbook containing play analyses, coaching tips, all existing NFL rules now in effect, up-to-the-second accurate game timer, durable, high-quality, color-coded plastic play cards, and scoreboard.

So, if you can really think football, NFL Strategy is the game for you.
