

MFCA HOF Enshrinement 2016

The MFCA HOF inductees for 2016 are without question the best possible class of individuals dedicated to the hobby of miniature football eligible for enshrinement by our organization. Each member of this year's class was instrumental in shaping the hobby on and off the metal gridiron. Each of them is a **true** Champion of Champions.

I would like to thank Hall of Famer Lynn Schmidt for helping conduct the selection process again this year.

As you know, the MFCA HOF recognizes those in our hobby who exhibit excellent gamesmanship, skill, and sportsmanship. In some cases they are innovators, leaders, founders and manufacturers that have consistently contributed to the hobby or made a significant contribution that has a lasting effect.

They are skilled at strategy, tweaking, passing and play-making. They always show exemplary sportsmanship under any condition and situation and are always willing to tutor others within the hobby; they are both unselfish and committed to the hobby and great competitors worthy of respect.

The MFCA HOF was established to honor those who contributed to the hobby, excelled at this hobby, and for those who continue to maintain and preserve it as coaches and hobbyists.

Before we recognize this year's inductees we must acknowledge all current members of the HOF and ask them to come up front to help us welcome the newest hall of famers. The current members of the MFCA HOF include from past years:

2015

Vance Warren

Bruce Watts
