Electronic Scoreboard

The Electronic Scoreboard emulates the NFL in stadium experience. It provides all of the excitement seen in authentic stadiums across the country. Wayne Messmer, voice of Chicago sports, sings the National Anthem as the American Flag waves over the screen and the sound of a crowd going wild is heard in the background. As the game begins, the clock starts to tick off seconds. Then, by pushing a button, the scoreboard automatically shows points scored, along with more realistic football play action. You'll see the kicked ball go through the goal posts and the official raising his hands to indicate, "The Kick Is Good" ...keeps track of the quarters, downs, gives the two minute warning and can be stopped for time outs. Fits onto stadium accessory or can be used with any Electric Football game. Adds new enjoyment to your game. Requires 4 AA Batteries (not included)
